

NCDOT December 2012 Board of Transportation Agenda

Rail Program

Town/County Division	Project Description	Estimated Cost
1. Wilson County Division 4	State Rail Industrial Access funds are needed to partially finance the costs of constructing a rail industrial access track to serve Project Steve. The company is considering construction of a new facility in Wilson County. The company proposes to hire about 32 new employees and make a capital investment of about \$60 million. They anticipate receiving at least 2,850 carloads of rail freight per year and require rail access in order to choose the Wilson County site for the facility. Funding is contingent upon an environmental review, a construction schedule that complies with grant requirements, all other Rail Industrial Access Program requirements being satisfied and is conditional on implementation of transportation improvements necessary to protect the safety of the public contractors and employees of Project Steve. The Rail Division recommends approval of a \$95,000 award for this project. WBS	Up to \$95,000
